In continuation of para 2 (b) of this office

M3 of G.O. 219 Rev 5-2-23 (K)

letter referred to above I submit further proposals with regard to the postponement of kists in the black soil villages of Kudligi Taluk.

Kudligi Taluk - 3 kists in 16 Black & mixed soil villages of Kudligi taluk were postponed and all the kists were ordered to be collected in two instalments in March and April 23, pending further report from the Divisional Officer. The Divisional Officer now reports that except in the three villages noted in the margin, the average outturn is more than 4 annas and that there is no necessity for any further concession. In the three excepted villages, white cholam crop which occupies more than 50 per cent of the area sown has faded in many fields and the out turn may not be more than 3 annas. The other crops have yielded something but the average outturn is below 4 annas. The Tahsildar and the Divisional Officer consider that it is necessary to postpone to the next fasli all kists in these 3 villages. The Divisional Officer has personally inspected two of them. The ryots will not be able to pay the kists in March and April this year and I therefore recommend that they may be postponed to the next fasli. The provisional demand and the amount of dry assessment to be postponed in each of them is noted below:-

of G.O 219 Rev 5-2-23 (K)

1. Kudatanimaggi
2. Bevur.
3. Joladakudligi.

} Proc 3,4 & 10 on 8 of G.O. 219 5-2-23 (K)

1. Kudatanimaggi	1620	1	8	1315	0	0
2. Bevur	1318	1	11	1180	0	0
3. Joladakudligi.	2502	1	3	2293	0	0
	5440	4	10	4788	0	0

The kists will be collected in two instalments in March and April 23 in the remaining 13 villages.

Rayadrug Taluk. - The kists in 42 black and mixed soil villages of Rayadrug Taluk mentioned in my letter referred to above will be collected in 2 instalments in March and April 23 as already ordered. The Tahsildar reports on further inspection that on the average the ~~white~~ cholam may be estimated to yield not less than 5 annas and cotton at not less than 6 annas. The Divisional Officer states that no further concession in respect of these villages is called for.

REFERENCE

Submitted to Government.

2. The Board supports the Collector's recommendation to postpone to the next fasli the collection of the current year's kists in Kudatanimaggi, Bevur and Joladakudligi villages of the Kudligi taluk. In fasli 1331 also the early crops in the first and last villages failed - Vide Collector's letter recorded in G.C. Miscellaneous No.364 Revenue, dated 27-2-32. The Collector has not made any recommendation in regard to the collection of cesses in these 3 villages. As the dry assessment is to be entirely suspended the Board recomends that the collection of cesses in the three villages may also be suspended to the next fasli.
